Dear Mr. Rogers,

Dr. Heinrich Kronstein has informed me that the Executive Board of the Institute for International and Foreign Trade Law has recommended that you be appointed temporary Director of the Institute, to serve until a permanent Director is appointed.

I am happy to concur in this recommendation and to make this appointment. I hope that you will agree to accept this position at an important time in the development of the Institute.

With best personal wishes, I am

Sincerely yours,

Gerard J. Campbell, S.J.
President

Dear Bill:

Before my departure to Frankfurt, I am going to call you over the phone. The purpose of this letter is to thank you very much for your help and your willingness to help us further.

This time, my departure to Europe is coincidental with my "departure" from the position of a director of the Institute. I know that everything is in best hands. There is no better combination than you, Dr. Donner and, as a silent partner, Werner with the addition of Mrs. Weyersberg and Bruce Butler.

For your files I am sending you a copy of my last letter to Mr. Friedrich Silcher. We have all reason to expect that the necessary funds will come now from a group of American and European corporations. There is a very good chance that we are going to have at least a token participation of the Ford Foundation and a more substantial participation of a German "group" connected with our friend Biedenkopf. Werner has copies of all letters; therefore I am not sending you copies of everything. Dr. Donner and Bruce Butler will be in touch with you whenever necessary. They will contact Werner frequently. I am sure that you will find that this endeavor and all the help given to this work will prove worthwhile. Please give the Working Plan special attention.

Please give my best to your family.

Cordially yours,

cc: Dr. Donner
Bruce Butler
