Washington, D.C.

Dear Professor Kronstein,

This is a small attempt to put in writing some of the kind things that were said last week on the occasion of the Convocation. We are deeply grateful for the continued effort you have made to promote the exchange student and professor program in the Institute of Foreign Trade.

The honors paid to Mr. Schulte zur Hausen were the realization of the vision you had ten years ago and the work you have done to bring it to be.

I do hope you get a good vacation before you begin the Fall term at Frankfurt. Father Bunn has written me that he will definitely be in Germany but he cannot give us the exact date now.

With kindest regards.

Sincerely,

Brian A. McGrath, S.J.
