Mr. George Reynolds
Department of Commerce
Washington, D. C.

Dear Georges:

Enclosed herewith I send you a very informal memorandum which Mr. Youts prepared. I believe the memorandum contains a number of very interesting suggestions. I am not expert enough to join in the writing of this memorandum, as Mr. Youts suggests in the preamble to the memorandum. However, I believe I have enough understanding of the problem to realize that the general approach of Youts' memorandum is very interesting and should be discussed in detail. Please disregard the preamble and give some consideration to the memorandum.

It would be very nice if Mr. Youts could discuss the problem with you. If you have an idea when he could see you please give me a ring.

Sincerely,

HEINRICH KRONSTEIN
